CAREER HISTORY

VP of Product & Portfolio Operations | NAHQ, Chicago, IL *2026 – Present*

Leading product and education portfolio strategy for NAHQ, partnering with executive leadership to align certification, education, and technology offerings with strategic alliances (e.g., Joint Commission).

- Own end-to-end product/portfolio operations across 200+ learning content pieces, 6 certifications, and 4 programs (Learning Labs, NAHQ Next conference); lead team of 13.
- Driving B2C portfolio growth alongside B2B product innovation initiatives to accelerate healthcare quality workforce capability.
  - Spearheading AI enablement across Copilot, Copilot Studio, and Claude Code to advance internal capabilities and quality outcomes.

ROBERT MERRELL

Director of Product Management | Lucem Health, Raleigh, NC *2024 – 2026*

Led product strategy for AI predictive analytics platforms serving health systems and life sciences, scaling early-stage startup from pre-revenue to ~$10M incremental annual revenue from market expansions.

- Expanded engineering team from 3 to 11 across 3 pod teams, plus 2 analysts and 1 PM.
- Architected direct-to-consumer and AI-driven clinical workflows achieving 60% patient adoption.

Director of Product Management | Invitae, San Francisco, CA *2023 – 2024*

Owned product strategy for billing optimization and EMR workflow automation at a $1B+ genetic information company, leading 24 product managers and directors with 400+ onshore and offshore engineers.

- Drove $200M+ in additional revenue through AI/ML test order efficiencies, automated billing workflows, and EMR optimization across major health systems.
- Built and launched Epic Aura bi-directional integrations enabling provider-centric genetic testing workflows, achieving 15% growth in health system adoption within six months.

Director of Product Management & Development (Head of Product) | Vynca, Palo Alto, CA *2018 – 2023*

Head of Product and Executive Leadership Team member for a digital health startup focused on Advance Care Planning, growing revenue from $900K to $33M in 4.5 years. Built the product organization from the ground up, with engineering growing from 10 to 23 and 3 product managers.

- Achieved a 73% digital completion rate for Advance Care Planning patient centric workflows, a leading outcome metric in the space, through user centered design and behavioral health principles.
- Delivered AI patient matching at 95% accuracy and reduced time to market by 65%.
- Launched a self-service SaaS platform that cut average customer implementation time by about 2 months, improving time to value and NPS.

Director of Product & Data (Head of Product) | American Hospital Association, Chicago, IL *2015 – 2018*

Led product, data, and analytics strategy for Health Forum ($200M AHA subsidiary serving 12,000+ hospital executives). Executive Leadership Team member managing 7 PMs, internal IT, and 4 external build teams.

- Achieved a 94% reduction in operating expenses within 6 months by consolidating data infrastructure into an integrated platform for workflow optimization and enterprise reporting.
- Delivered an enterprise data warehouse, a fully responsive reporting system, and the digital migration of flagship publications to 12,000+ health system decision-makers.

Director of Product Management & Development | Aetna – Practice iQ, Hartford, CT *2012 – 2015*

Incubated Practice iQ business unit within Aetna ($63B) to build ACO models and transition independent providers from fee-for-service to value-based reimbursement.

- Designed and scaled a multi-partner business model with Aetna Analytics, Active Health Management, CVS, and Walgreens to deliver integrated technology and consulting services.
- Reduced development expenses by 60% through offshore team transitions while expanding product capabilities.

Manager of Technology & Product Development | Accretive Health, Chicago, IL *2011 – 2012*

Managed a SaaS and services clinical recommendation platform for 200+ employed physicians and 400+ hospital clients across four product lines focused on denial reduction and billing integrity. Grew clients from 20 to 400 in under 18 months and launched three additional products generating $15M in new revenue, using agile methods across onshore and offshore teams.

Manager of Solutions Management | Allscripts (ECIN), Chicago, IL *2006 – 2011*

Drove post-merger growth of ECIN after Allscripts acquisition, scaling clients from 50 to 800+ and revenue from $3M to $120M. Launched SaaS solutions for discharge planning, UM, and CDI ($2M Year 1 revenue) with 98% client retention.
